written by a senior indian diplomat who has until recently also served as commonwealth deputy secretary general this book provides a unique and far reaching exploration of the british commonwealth and its impact since the second world war on the process of britain adjusting to a world without empire whither the commonwealth now what is its record of achievement what are the benefits of membership to countries in terms of collective political influence trade investment aid travel and education can any practical good be envisaged for this nearly moribund post colonial organization britain which brought the association into being and is central to it would have to play a key part in determining its future but in coming to such decisions the british government faces great problems of perception both from the monarchy and the british public

scott copy 1 from the john holmes library collection

søgeord ottawa konferencen 1894 lyttelton despatch 1905 imperial war cabinet imperial war conference berlin west africa conference 1884 basutoland swazi crisis swaziland zululand union of southafrica the southafrican constitution bill the mauritius charter 1885

this book is the first comprehensive study of the british commonwealth in the second world war britain and its dominions canada australia new zealand and south africa formed the most durable cooperative and interchangeable alliance of the war iain e johnston white looks in depth at how the commonwealth war effort was financed the training of airmen for the air war the problems of seaborne supply and the battles fought in north africa fully one third of the british effort originated in the dominions a contribution that was only possible through the symbiotic relationship that britain maintained with its former settler colonies this cooperation was based upon a mutual self interest that was largely maintained throughout the war in this book johnston white offers a fundamental reorientation in our understanding of british grand strategy in the second world war

in this book homersham cox provides a detailed analysis of the institutions and principles of british government including the monarchy parliament and judiciary he traces the historical development of these institutions and examines their strengths and weaknesses cox also discusses the role of the british commonwealth in shaping the development of global politics and argues that its legacy continues to

influence political and social movements around the world this book is an essential resource for students of political science and history this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

martin kitchen has written an informative account of the rise and fall of the british empire concentrating on the 19th and 20th centuries but giving the background of the first british empire which was lost with the creating of the usa
