the greek name mesopotamia means land between the rivers the romans used this term for an area that they controlled only briefly between 115 and 117 a d the land between the euphrates and tigris rivers from the south anatolian mountains ranges to the persian gulf it comprises the civilizations of sumer and akkad third millennium b c

as well as the later babylonian and assyrian empires of the second and first millennium although the history of mesopotamia in the strict sense of the term only begins with the inscriptions of sumerian rulers around the 27th century b c the foundations for mesopotamian civilization especially the beginnings of irrigation and the emergence of large permanent settlements were laid much earlier in the fifth and fourth millennium the a to z of mesopotamia defines concepts customs and notions peculiar to the civilization of ancient mesopotamia from adult adoption to ziggurats this is accomplished through a chronology an introductory essay a bibliography appendixes and hundreds of cross reference dictionary entries on religion economy society geography and important kings and rulers

sensual yet pre eminently functional food is of intrinsic interest to us all and was a necessity and pleasure in ancient times as well in this informative and entertaining work of reference andrew dalby explores an encyclopaedic range of foods and drinks known to us from the greek and roman worlds food in the ancient world from a to z will be an invaluable companion for classicists and gastronomes alike book jacket

of the many ancient civilizations we are aware of few are smaller than the ancient kingdom of israel small both in geographical area and population it was barely noticed by the major civilizations of the time in egypt mesopotamia and elsewhere which either ignored or crushed it yet several millennia later israel is the civilization we remember most acutely which we know or think we know the most about and which has even been revised after a manner alas what we know or think we know about israel comes partly from the old testament and partly from fragmentary and sometimes distorted bits of historical evidence for these very reasons because ancient israel means so much to us and because we actually know so little for sure the a to z of ancient israel is particularly important it examines the usual sources in the old testament and surveys the findings of more recent archaeological research to help us determine just what happened and when a far from simple task it includes entries on most of the persons places and events which are generally considered and shows more broadly what the kingdoms of israel and judah were like and what role they played in the ancient world but it also defines them as closely as possible according to the latest data while the results may differ from traditional views they are essential correctives

accompanying cd rom allows multiple queries and comprises an updated bibliography on upper mesopotamia page 4 of cover apum interactive database label on disc

a major argument of this book is that nonverbal meaning plays a fundamental role in the functioning of human societies thus rejecting the predominance of textual meaning and ethnocentric eurocentric models currently employed in the interpretation of past behaviour and architecture by using the unique evidence from mesopotamian domestic space where both house layouts and family archives were recovered as well as ethnographies from modern near eastern societies paolo brusasco investigates how verbal and nonverbal meaning interrelate in the archaeological past in line with peirce wittgenstein and derrida as well as recent research in corporeal semantics and social psychology the book claims that nonverbal spatial signs have a profound bearing on ancient textual meanings moreover through the evidence of house clay models house projects actual houses and archives the author shows how different semiotic systems may produce alternative perspectives of the world while the linguistic elaborative power of processing nonverbal signs is also explored this book contributes to understanding how we should critically use social techniques and ethnographic analogy to interpret the archaeological past and it will be a vital resource for all those interested in the interaction between language and the material world

the knowledge of the hidden that is the meaning of the latin occultus from which we take our modern phrase the occult why is it that this subject stirs up so much controversy is the answer present in that very definition the idea that studies into the occult are pushing at the very boundaries of human knowledge in this simple to follow a to z guide you will discover the details of both studies into the occult and the truth about occultists who from the earliest times in history have attempted to remove the veil that shrouds the knowledge of the hidden what were the world s greatest occultists including plato nostradamus isaac newton and william blake searching for what are the true origins of alchemy what secret knowledge is concealed within the tarot deck was the infamous aleister crowley really the wickedest man in the world did the ancient egyptians believe in magic simon cox and mark foster guide you along the pathways of the occult and attempt to bring the hidden into full view
